

VNS2610

WIRELESS PA SPEAKER

PA Voice Messaging and Emergency Notification

Powerful PA Voice Messaging, Multi-Functional, Easily Expandable

The Visiplex VNS2610 Wireless PA Speaker is designed to provide live voice Public Address messaging, pre-recorded messages, and initiate scheduled break bell and tone alerts. This compact, high powered speaker provides intelligible voice paging to large rooms and open areas while being more cost effective than wired speaker systems. The VNS2610 can be fully controlled by a Visiplex base station, enhancing communication efforts during emergencies and day-to-day operations for any type of organization, such as schools, office buildings, warehouses, commercial facilities and more.
